

Olympia I

08900 The Olympia hospital bed combines simplicity, elegance and functionality in an utmost ergonomic hospital bed.

08900 | Olympia Hospital I

Electric protection class I

The bed is earthed by means of the mains cable.

The advantages are:

- An increased ESD (electrostatic discharge) immunity.
- A drop in the electromagnetic field.

Carriage

- Very stable high/low adjustment by means of a support arm system.
- Trendelenburg and Reverse Trendelenburg adjustment up to $\pm 17^\circ$.
- Integral S castors \varnothing 125 mm on precision ball bearings, with central brake mechanism and a directional castor.
- Double design pedal to activate the central brake mechanism.
- The brake pedal is accessible in all bed positions.
- The open carriage improves the accessibility under the bed and the ease of cleaning.

Mattress platform

- Mattress platform with 3 or 4 (*) sections.
- The backrest is electrically adjustable up to $\pm 70^\circ$ with autoregression.
- The knee rest is electrically adjustable up to $\pm 34^\circ$ (in case of 4 sections).
- Legrest or footrest can be manually adjusted.
- The electric manipulation of the mattress platform section is equipped with a clamp safety.
- Manual quick release of the backrest.
- Battery with alarm signal.
- Mattress platform with rounded steel profiles.
- Equipped with cutouts for patients restraint straps.
- Backrest and footrest are equipped with 2 integrated mattress holders.
- Standard with a telescopic bed extension up to +20 cm.
- Equipotential connection.
- The 4 bed corners are equipped with integrated bumpers.
- The 4 bed corners are equipped with cases to install an IV rod or a lifting pole.
- Choice out of 3 different bed panels with a solid laminate filling panel.
- The side beams on both sides are equipped with 3 synthetic accessory hooks.

Electric bed manipulations

- The electric functions can be activated by means of a hand switch, a *mini nurse box*, a *nurse box* (*) or a *satellite control* (*).
- The hand switch is equipped with a pre-programmed sleeping function.
- A *mini nurse box* or *nurse box* (*) makes it possible to switch off several functions selectively.

Panel types

- Vela
- Lauro (*)
- Jaro (*)
- Senzo (*)

Sideguards

- Atmosphere (*)
- Duo-Safe (*)
- Trix (only with Jaro-panel) (*)

Accessories

We refer to our extensive accessory list.

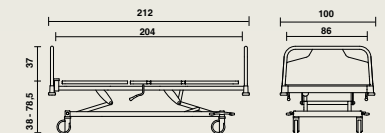

(*) Option

Dimensions and technical data

- Width: 100 cm, Length: 212 cm
- Height variation of the mattress platform¹: ± 38 cm - $\pm 78,5$ cm
- Clearance height¹: L: 170 mm, R: 135 mm
- Safe working load: 230 kg
- Weight (with options): 125 kg
- Mattress platform dimensions: 204 x 86 cm
- Mattress dimensions: 195 x 85 cm

¹ With standard model

Materials and finishing

- Metal.
- Solid laminate.
- Epoxy-coating RAL 9006 *white aluminium* or chrome.
- Self-lubricating synthetic hinges (= maintenance-free).
- Withstands the common cleaning products.

For more information about the **materials and construction**: please consult our material lists. We would refer to our extensive colour gamut.
