Commode chair wood

00958 This stable commode chair has a double discrete seat and is therefore very suitable for patient rooms.

Support

- The frame is made of 2 solid beech sides.
- The sides are connected with a solid beech cross beam at the back.
- The armrests are milled ergonomically.
- A high solid beech beam in front hides the bucket.
- The wooden parts are finished with a coat of varnish.
- The legs are equipped with synthetic glides.
- The chair can be optionally equipped with a metal support and 4 castors with brakes Ø 75 mm.

Seat and backrest

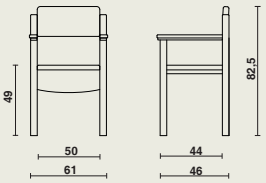

- The double seat consists of a tiltable upper part and a tip-up toilet seat in solid laminate underneath.
- The upholstered seat can be tilted by means of 2 rust-proof hinges or shoved backwards by means of 2 stainless steel brackets.
- The toilet seat in solid laminate with oval opening is screwed onto the frame by means of stainless steel hinges.
- A removable synthetic bucket with a lid is installed underneath the tip-up toilet seat. This bucket rests on stainless steel suspension brackets.
- The seat is upholstered with fire-retardant foam (thickness: 20 mm; density: 50 kg/m3).
- The upholstered backrest is made of 12 mm ergonomic plywood that is firmly screwed by means of fixing plates.
- The backrest is equipped with fire-retardant foam (thickness: 10 mm; density: 35 kg/m3).

Colours

We would like to refer to our extensive colour gamut.
Sample card + samples available on request.

Dimension

00958 | 50 x 46 x h 82,5 cm
- Safe working load: 135 kg
