

Fero wooden E-move

13605 The Fero relax chair is equipped with an electrically adjustable legrest and backrest, easy to operate with an intuitive handset.

Support

- 4 beech laminated legs, connected to each other by means of solid beech support beams.
- 2 beech laminated armrests.
- Glued mortise and tenon joint.
- The sides are firmly connected to each other by means of a solid beech cross beam and a metal frame.
- The ergonomic front design of the armrests makes it easy to stand up or sit down.
- Comfortable rounded armrests of $\pm 7,5$ cm.
- All edges and corners have been rounded.
- Four design twin castors \varnothing 100 mm with separate brakes.
- Equipped with a hook on the right side to attach the hand set (optional on both sides).

Seat

- Removable seat, made of a melaminated MDF board of 12 mm.
- Upholstered with fire-retardant foam in 2 different density zones to guarantee an excellent seat comfort.
- The rounded front edge stimulates a fluent blood circulation.
- Comfortable seat height of 46 cm.
- The upholstery is finished with imitation leather and double decorative stitching.

Backrest

- Made of an ergonomically preformed plywood shell of 12 mm.
- Upholstered with fire-retardant foam in 3 different density zones to guarantee an excellent seat comfort.
- The upholstery is finished with imitation leather and double decorative stitching.
- Synthetic and ergonomic push bar at the back.

Legrest

- Made of a plywood board of 10 mm.
- Upholstered with fire-retardant foam and finished with imitation leather.

E-move mechanism

- Two actuators ensure that the backrest, seat and legrest tilt into a 'zero gravity' position (*).
- The backrest and legrest are individually adjustable.
- The angle between the seat and the back rest ranges from 103° (seating position) to 138° ('zero gravity' position).
- When the relax mechanism is activated, the seat inclines to a 23° angle.
- Optimal leg support, thanks to the telescopic legrest.
- When the relax chair is put in the seat position, the legrest is turned inwards so that you can stand up without any problem.
- The chair can be adjusted by means of a handset.

Colours

We would like to refer to our extensive colour gamut.
Sample card + samples available on request.

Accessories

We would like to refer to our
accessory list.

(*) Zero gravity position: this seat/lying position is based on NASA data. A neutral body position converts all muscle power into a biomedical balance. (Source: "From outer space to you", Omni, March 1994.)
