

DOMETIC HiPro Care A40S

22307 The built-in refrigerator DOMETIC HiPro Care A40S combines an elegant design with innovative technology. Thanks to its absorption cooling technology, this compact refrigerator is suitable for all situations where silent and maintenance-free

Features

- 100% silent built-in refrigerator with a unique absorption cooling system.
- Maintenance-free with a long service life.
- Equipped with electronic temperature control and automatic defrost system.
- Refrigerator capacity: minimum 33 litres.
- LED interior lighting with door sensor.
- Spiral power cable (400 cm) with fixation option on the rear panel.
- The refrigerator door, with magnetic closure, is equipped on the inside with adjustable door racks allowing storage of several large bottles.
- Pull-out adjustable shelves with "clip & click" system.
- Door hinge direction reversible (left or right).
- Equipped with an additional safety system that switches off the unit in case of insufficient ventilation to prevent issues.
- Easy-to-clean refrigerator base (no sharp corners).
- New design top front panel with recessed handle.
- Clear green indicator showing the door opening side.
- Compliant with HACCP standards.
- Fresh Food ErP 2024 compliant: the only mini refrigerator suitable for storing fresh food.
- Delta-T 28: 4°C inside the fridge at a maximum ambient temperature of 32°C.
- Temperature range: 2 to 12°C.
- CUC sensor for continuous monitoring of the cooling unit.
- Fuzzy Logic for lowest energy consumption at a constant temperature.
- High-quality insulation: energy consumption of 0.76 kWh/24h (according to ISO 15502), 17% less than previous Minicool generation.
- Temperature indication based on LED flashing frequency.

Dimension

22307 | DOMETIC HiPro Care A40S

- W x D x H: 40,5 x 46 x 55 cm
- Gross capacity: 33 litres
- Net weight: 15.30 kg
- Power rating: 45 W
- Energy consumption (kWh/24h, ISO 15502): 0.76
- Power cable length: 400 cm
- Energy class: G
- Annual energy consumption: 196 kWh
- Noise level: 0 dB
